2025-2026 Registration Form

Art Enrichment is an integral part of each child's education. Art students often read better and perform at a higher proficiency in math and science. Art teaches children to solve problems in creative ways and therefore improves self-esteem.

Your child will experience:

- Experiment in using the seven elements of art: lines, shapes, color, etc
- Work with a variety of mediums: oil pastels, watercolor, pencils, markers
- It's a fun & messy class! Please supply an old, large shirt
- Activities will follow preschool curriculum
- 30-minute class / 30-minute lunch
